School Overview

Beechmont State School's motto "at all times consider others" and is the motivation for our whole school community to work together to provide a safe and supportive learning environment which focuses on achievement and success to allow each of our students to reach his/her potential. The school program is conducted with a disciplined framework where children's attitudes to school, show they are learning, happy and engaged. Our learning journey for students at Beechmont is guided by staff that are current in teaching practice and rich in knowledge regarding current curriculum and educational trends. The following report measures our improvement and successes in various areas and provides our focus for the coming year.

In 2017, there were no students enrolled in a pre-Prep** program.

** pre-Prep is a kindergarten program for Aboriginal and Torres Strait Islander children, living across 35 Aboriginal and Torres Strait Islander communities, in the year before school (<https://qed.qld.gov.au/earlychildhood/families/pre-prep-indigenous>).

Characteristics of the Student Body

Overview

Beechmont State School's Primary and Prep enrolments are predominately drawn from the suburbs of Lower Beechmont and Beechmont, with a few students travelling up from Nerang and Canungra. With the Year 6 & 7 transitioning to high school in 2014, there was an immediate drop in enrolments. In 2015, enrolment numbers remained steady. Throughout 2016 - 2017, the enrolment numbers fluctuated and we have seen a transient population move to Beechmont. The student population is unique and there is a mix of socio-economic families, rural lifestyles and attitudes towards schooling.

Average Class Sizes

The following table shows the average class size information for each phase of schooling.

AVERAGE CLASS SIZES			
Phase	2015	2016	2017
Prep – Year 3	23	23	22
Year 4 – Year 6	28	25	29
Year 7 – Year 10			
Year 11 – Year 12			

Curriculum Delivery

Our Approach to Curriculum Delivery

Beechmont State School utilises C2C units that are differentiated to suit the complexity of our classrooms. For the remaining key learning areas, we rely on ACARA. To complement our curriculum delivery, other resources and programs are used to give students a broad range of activities and learning experiences. From a self-determined review in late, 2017, it was determined that a key focus of 2018 would be to develop a whole school curriculum framework. This will tie in pedagogy, reporting and assessment.

Co-curricular Activities

Beechmont State School is extremely active in the community and is involved in numerous extra curricula activities. The school community is involved in:

- Beechmont Day & attendance awards;
- ANZAC Day ceremonies co-ordinated by the ANZAC committee;
- Student Council representatives;
- Senior Class as leaders within the school;
- Participating in community events such as – Jump Rope for Heart, ANZAC day, Carnival of Words and Canungra Interschool Sports Day. Choir performing at Binna Burra;
- Whole School functions such as various Sports Day, Awards and Concert Night & Graduation;
- Participating in Instrumental music programs;
- All children from Prep to Year 6 participate in Japanese;
- NAIDOC, Melbourne Cup Day, Out of the Box, Sleep Overs and other celebrations throughout the community;
- Senior School Leadership Program; and
- Transition Program with Nerang State High School.

How Information and Communication Technologies are used to Assist Learning

Beechmont has computer areas in each block, which can be accessed. Computers are regarded as an essential tool for learning and are essential to the delivery of the curriculum. Some activities included are - participating in web-quests, internet usage for research, using programs such as movie maker, power point, clay animation and publisher and using digital technologies including cameras and recording devices.

Staff use computers to store and create digital portfolios and access curriculum/interactive software to engage students. Computers are used extensively to support students with disabilities to maximise their access to learning. Digital animation and online learning is embedded in learning units. Interactive whiteboards enhanced the potential for engaging students with ICT programs and rejuvenated pedagogical practice throughout the school. With the introduction of C2C units of work, this technology has become mandatory from Prep to Year 6. In addition to this, teachers all used their government-issued laptops for planning, assessment and reporting. The transition to One School, the state-wide database, also simplifies record keeping, including behaviour management data. The introduction of C2C online learning has resulted not only in engaging students in interactive online learning, but also in up-skilling teaching staff in the integration of ICT into their daily routines.

Social Climate

Overview

Beechmont State School is more than just a school, we are a family. The 'Beechmont Experience' is a gift student's take with them on their life journey. The staff provide the children with the necessary academic requirements as well as supporting them to grow as people in a safe, secure and caring environment. One of the most unique aspects of our School is the contact we maintain with past students. Past students are often seen at our School as general volunteers, as invited guests as Adjudicators at our Public Speaking Competition or even as helpers at our Athletics, Cross Country & Swimming Carnivals. This is something very special about Beechmont School.

This is reflected in our School Mission Statement - working together to empower our children to reach their potential in an inspiring, loving and homely environment that provides opportunities, values diversity and encourages life- long learning'. Our school Motto, 'At all times consider others' reflects the values we endeavour to instil in the children. Our efforts in this regard are reflected in our School Opinion Surveys where Parents, Students & staff provide very positive feedback.

Parent and community engagement

At Beechmont State School, we believe that the best possible outcomes can be achieved when parents work cooperatively with teachers. Families are encouraged to become involved in the life of the school and support their children in the classroom and in extra-curricular and co-curricular activities. Parent - teacher meetings are held at the beginning of each year and at the end of term 1 and 3. Parents, grandparents and other significant adults in children's lives are more than welcome to involve themselves in their children's education. That involvement is not ours as a school to decide, it is a joint decision. Talk to us about how you feel you can be involved in your children's schooling. We are proud of our communities' involvement in our school.

- Classroom helpers
- Sport coaches
- P&C, Tuck shop & Uniform volunteers
- Office and library helper
- Market Day helper
- Camp supervisor
- Gardening Club and Vege Stall
- Pre-Prep program
- Carnival of Words Reader
- Christmas in July – Binna Burra
- Anzac Committee

Respectful relationships programs

The school has developed and implemented a program/or programs that focus on appropriate, respectful, equitable and healthy relationships. We have the You Can Do It philosophy and in Year 6 children participate in an educational program aimed at their growing needs.

School Disciplinary Absences

The following table shows the count of incidents for students recommended for each type of school disciplinary absence reported at the school.

SCHOOL DISCIPLINARY ABSENCES			
Type	2015	2016	2017
Short Suspensions – 1 to 10 days	15	6	6
Long Suspensions – 11 to 20 days	0	0	0
Exclusions	0	0	0
Cancellations of Enrolment	0	0	0

Environmental Footprint

Reducing the school's environmental footprint

The school has made a concerted effort to reduce electricity use, by making staff more aware and encouraging students to turn off equipment when not in use, especially computers. The number of general waste bins being put out for collection has been reduced and the number of recycling bins has increased to 6 recycling bins each week. The installation of skylights into the Administration block and classrooms has considerably reduced the use of lights throughout the day. Tuckshop and staff continually reduce and re-use articles through the school.

ENVIRONMENTAL FOOTPRINT INDICATORS		
Years	Electricity kWh	Water kL
2014-2015	31,208	
2015-2016	49,196	
2016-2017	35,008	

The consumption data is compiled from sources including ERM, Ergon reports and utilities data entered into OneSchool by each school. The data provides an indication of the consumption trend in each of the utility categories which impact on the school's environmental footprint.

Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the Department of Education procedures, *Managing Student Absences and Enforcing Enrolment and Attendance at State Schools and Roll Marking in State Schools*, which outline processes for managing and recording student attendance and absenteeism.

Student rolls are marked twice daily by teaching staff, once in the morning and once in the afternoon. Teachers follow up any student absences with families. Administration follow up any student who is absent without explanation on a regular basis.

Students who are regular non-attendees are identified and a member of the office contacts the parents/carers daily to find out reasons for non-attending and offer support if needed. When concerns with a student's absences continue either the Principal arranges a meeting in the first instance to discuss the reasons for absences. If there isn't a change in attendance rates, the procedures outlined in the above policies are implemented .
